

**11<sup>th</sup> June 2025- Room A4- University of Basilicata**

09:15 – Meeting point at the main gate of the University of Basilicata, Via dell'Ateneo Lucano 10, 85100 Potenza

09:30 – Welcome to SAFE Meeting Dr Monica Brienza (UNIBAS)

09:45 – Update on WP1 and Discussion, Dr Serge Chiron (UM)

10:15 – Update on WP2 and Discussion, Dr Gianluigi Buttiglieri (ICRA)

11:00 – Coffee Break

11:30 – Update on WP3 and Discussion, Dr Afroditi Tsampalla (ELGO)

12:00 – Update on WP4 and Discussion, Dr Samia Khadar (CERTE)

12:30 – Update on WP5 and Discussion, Prof. Antonio Zuurro (SAPIENZA)

13:00 – Update on WP6 and Discussion, Dr Monica Brienza (UNIBAS)

13:00 – Lunch break

14:00 – Group Work Session

- Discussion on the structure of the common article Dr Serge Chiron (UM)

- Working Groups:

- Experiment working in progress: IRSA-CNR & UNIBAS

- Common Article Trichoderma: IUT&Unibas

- Review Article Trichoderma: Unibas, IUT & UM

17:00 – Conclusion

21:00 – Dinner at Assord Restaurant at Vico Stabile Francesco, 10, 85100 Potenza PZ, Italy

Organized by University of Basilicata, Via Dell'Ateneo Lucano 10, 85100 Potenza

# SAFE Project Meeting at the University of Basilicata – Advancing Collaboration Across Work Packages

## Description

### ? 11th June 2025 – Room A4, University of Basilicata (UNIBAS), Potenza, Italy

The SAFE project continues to build momentum with its upcoming in-person meeting hosted by the **University of Basilicata (UNIBAS)** in Potenza, Italy, on **June 11th, 2025**. This gathering brings together researchers and project leaders from across the PRIMA-SAFE consortium to share progress, align on joint goals, and shape the next phase of collaborative outputs.

The day begins at **09:15** with participants gathering at the university's main gate, followed by a welcome session led by **Dr. Monica Brienza (UNIBAS)** at 09:30. A series of structured updates on the six Work Packages (WPs) will follow, providing each team the opportunity to present their latest advancements and engage in focused discussion.

## Morning: Work Package Updates

- **WP1:** Update and discussion with **Dr. Serge Chiron (Université de Montpellier)**
- **WP2:** Presentation by **Dr. Gianluigi Buttiglieri (ICRA)**
- **WP3:** Overview by **Dr. Afroditi Tsampalla (ELGO)**
- **WP4:** Update by **Dr. Samia Khadar (CERTE)**
- **WP5:** Contribution from **Prof. Antonio Zuurro (Sapienza University of Rome)**
- **WP6:** Summary by **Dr. Monica Brienza (UNIBAS)**

This detailed exchange ensures transparency and knowledge-sharing across the entire consortium while reinforcing the scientific backbone of the PRIMA-SAFE initiative.

## Afternoon: Strategy and Writing Session

Following a lunch break at 13:00, the group will reconvene at **14:30** for a working session focused on defining the **structure of a forthcoming joint scientific article**. Led by **Dr. Serge Chiron (UM)**, this

session is designed to harmonize contributions from multiple partners and consolidate findings from the project's diverse experimental and modelling efforts.

Working groups will also be formed to address three targeted writing initiatives:

- **Experiment in Progress Article:** Led by IRSA-CNR & UNIBAS
- **Common Article on *Trichoderma*:** Co-authored by IUT & UNIBAS
- **Review Article on *Trichoderma*:** Led by IUT, UNIBAS & UM

These collaborative writing efforts are a key step in translating project outcomes into high-impact publications and reinforcing the scientific visibility of the PRIMA-SAFE project.

---

## Evening Networking

The meeting will conclude at **17:00**, followed by a group dinner at **Assurd Restaurant**, located at Vico Stabile Francesco 10, in the heart of Potenza. This social moment will provide further opportunity for informal exchanges and partnership strengthening in a relaxed setting.

---

With structured discussions, strategic coordination, and collaborative writing at the core, the upcoming SAFE project meeting at UNIBAS marks another important step toward delivering practical and scientifically robust solutions for **safe and sustainable water reuse in Mediterranean agriculture**.

Stay tuned for highlights and outcomes from the event!

This project is part of the PRIMA programme supported by the European Union
